I declare that the MexDer, Mercado Mexicano de Derivados, S.A. de C.V. and/or its shareholders will not be responsible of any loss, damage, disadvantage, expenses and costs that any Clearing Member, Broker or their clients, as well as, any Independent Software Vendors (ISV's) may suffer or incur as a result of the usage or failures of the Electronic Trading System and/or the entry means used to connect to MexDer, therefore the Clearing Members or Brokers, their clients or any other Independent Software Vendors (ISV's) are obliged to release MexDer from any responsibility or complaint made against them as a result of the usage or failures presented in the Electronic Trading System, and/or the means of communication used to connect to MexDer.

MexDer, is neither responsible, of any commitment of errors arising when entering orders into the Electronic Trading System.

Further, I put on record that the aforementioned Electronic Trading System which will be used by the institution I represent in order to connect to MexDer;

1. Has been tested thoroughly in the "testing" environment provided by this Exchange, and fully satisfies us.
2. That at least during one week of tests, there were no failures or errors.
3. That it has filters (user configurable) for volume and price changes for entering orders.
4. MexDer will not be responsible of the veracity, update and liability of the "market data" if it isn't provided directly from the MexFix production environment.
